

Dr. Chanan Gabay

VP Business Development

Company: Zohar CleanTech (ZCT) LTD

Web: <https://www.zohartech.com/>

Dr. Chanan Gabay is a distinguished professional in clean technology and business development.

As the Vice President of Business Development and founder of Zohar CleanTech LTD, he has spearheaded strategic initiatives and driven innovation within the EU H2020 R&D projects.

With extensive experience as an expert for various EU programs—including Energy, ICT, Smart Cities, Mobility, and Smart Energy Grids—Dr. Gabay brings a wealth of knowledge and insight to his roles. He has also served as a respected EU Coaching Expert, offering invaluable guidance and mentorship to emerging projects and professionals.

Dr. Gabay holds a Ph.D. in Applied Mechanics from the Polytechnic Institute of New York University, providing him with robust technical expertise that he leverages in the clean technology sector.
